

RESOLUTION

Central Oklahoma Route 66 Community Alliance
comprised of the Communities of

Arcadia, Luther, Wellston, Warwick, Chandler, and Davenport

Whereas, ROUTE 66 is an American Treasure, and is a byway connecting the rural communities of Arcadia, Luther, Wellston, Warwick, Chandler and Davenport;

And whereas, travelers from around the world visit our communities to experience these Oklahoma small towns and their unique offerings in local shops and restaurants;

And whereas, this stretch of Route 66 can be visited by more than one million fellow Oklahomans in the population centers of the Oklahoma City and Tulsa metropolitan areas and beyond,

And whereas, our communities are home to acclaimed historic destinations and cultural stops like the Round Barn in Arcadia, the Threat Filling Station in Luther, the Seaba Station Motorcycle Museum in Warwick, the famed 66B and murals in Wellston, the Route 66 Interpretive Center in Chandler and the brick paved downtown in Davenport, and several restaurant and retail stops as well,

And whereas, Oklahoma Lt. Governor Matt Pinnell has elevated The Mother Road as a vital tourist destination as part of his role as Tourism Secretary,

"Route 66 is red hot. It's red hot in Oklahoma and it's red hot around the country and states that have Route 66 in them have to take advantage of it," said Pinnell.

We, stakeholders in these communities, declare **Arcadia, Luther, Wellston, Warwick, Chandler and Davenport**, are red hot, primed, and ready to support a regional community alliance for promoting our corridor to our neighbors in our Great State of Oklahoma.
