  - 1) 2002 Chevrolet Tahoe – VIN 1GNEK13Z72J184602,
  - 2) 1997 Ford Explorer – VIN 1FMFU18L7VLB84664,
  - 3) 1986 Chevrolet Truck – VIN 1GBHD34J5GF423342.

**Trustee Four (Jeff Schwarzmeier)**

**Trustee Five (Joshua Rowton)**

16. Citizen participation: Citizens may address the Board during open meetings on any matter on the agenda prior to the Board taking action on the matter. On any item not on the current agenda, citizens may address the Board under the agenda item Citizen Participation. Citizens should fill out a Citizen's Participation Request form and give it to the Mayor. Citizen Participation is for information purposes only, and the Board cannot discuss, act or make any decisions on matters presented under Citizens Participation. Citizens are requested to limit their comments to two minutes.
17. Adjourn.

---

Scherrie Pidcock, Town Clerk

Agenda Posted Tuesday, August 23, 2022, at Luther Town Hall, on Facebook at The Town of Luther, on the Town website at [www.townoflutherok.com](http://www.townoflutherok.com) and via MailChimp email, prior to 6:30 p.m.

COMMUNITY ACTION AGENCY  
of Oklahoma City and Oklahoma/Canadian Counties, Inc.

August 31, 2022

Dear Prospective Bidder,

Attached is a bid package for removal of existing deteriorated cinder block retaining wall and installation of a new retaining wall. Bid is for a material, labor, equipment, permits, disposal etc. required to complete to specifications. Bids must be returned to Community Action Agency, 319 S.W. 25<sup>th</sup>, OKC, OK, room LL030 by at 4:00 p.m. September 13, 2022, in a sealed envelope marked "Head Start Retaining Wall Bid". Davis Bacon requirements and prevailing wage rates apply to all work performed including certified payroll utilizing form WH-347. Bids will be opened in a public bid opening September 14, 2022, at 9:00 a.m. at the above address in the Housing/Maintenance conference LL030.

Davis Bacon Requirements and Prevailing Wage rates apply. Fringe may be added to hourly wage if not provided by contractor.

The following are prevailing wages:

Form Carpenters	\$24.15 per hour plus \$10.15 per hour fringe
Track hoe/Backhoe Operator	\$21.25 per hour - plus \$ 4.35 per hour fringe
Laborer (concrete)	\$13.00 per hour – no fringe
Laborer (common)	\$11.70 per hour – no fringe
Concrete Finisher	\$16.75 per hour – no fringe

Form WH-347 must be turned in on all workers.

For more information contact R. A. Roberson at (405) 232-0199 ext. 1401.

EOE

**Bidders Declaration**  
**(Turn In with Bid)**

Bidder fully understands, agrees and warrants:

1. The bidder has carefully read and fully understands the full scope of specifications and instructions.
2. The bidder has the capacity to successfully undertake and complete job(s) bid.
3. That the information given by bidder is correct and can be executed/upheld.
4. An itemized invoice is to be submitted for the project after completion.
5. Upon inspection and approval by Community Action Agency **payment will be made within fifteen (15) working days.** (Note: if required a copy of City/State inspection approval required with invoice).
6. Bidder will provide his/her own Workers' Compensation Insurance and liability insurance to protect persons performing work, persons residing at the residence and property. Liability insurance shall be not less than \$1,000,000 public liability, \$1,000,000 personal injury and \$1,000,000 property damage (per occurrence). Workers Compensation amount as required by law.
7. Amount of bid will include all equipment, labor, permits, tools, materials, transportation, disposal Etc. to complete to specification and governing State or Federal Agency requirements.
8. That by submission of this bid the bidder acknowledges that the Community Action Agency has the right to make any inquiry or investigation it deems appropriate to substantiate or supplement information supplied by the bidder.
9. Contractor is required to comply with all phases of the Davis Bacon Act, including prevailing "rate" wages as determined by the Department of Labor for corresponding positions. This Agency will require documentation to ensure act has been implemented. Furthermore, Contractor agrees to maintain sufficient records and documentation for the purpose of inspections, monitoring, auditing and evaluating compliance. Contractor agrees to make such records accessible to Community Action Agency, Department of Labor, and Department of Health and Human Services.
10. Contract is required for each project before work begins. The contract will be issued to the most Cost efficient responsible bid. Companies will be judged on experience, certified staff and verifiable references and ability to complete the job in a acceptable time frame.
11. Community Action Agency reserves the right to reject any and all bids.
12. Bidder agrees that liability for all claims, suits, actions, judgments, costs or fees, arising out of or from the acts of omissions of the Bidder or its agents or employees shall be borne by the Bidder. The Bidder will hold harmless the Agency, State of Oklahoma, Department of Health and Human Services and Oklahoma Department of Commerce and all officers and employees for such acts or omissions on the part of the Bidder or their staff.

## **Bid Specifications**

**Armstrong Head Start  
309 SW 5<sup>th</sup>  
Luther, OK  
(405) 277-3530**

**CONTACT 811 and other utilities as required prior to digging.**

1. Remove and dispose of old retaining wall and base.
2. Pour new footing 10 inches wide and 20 inches deep, 2500 psi concrete required, (note, poured retaining wall must be 10 inches under grade). Utilize proper forms for footing. Place #4 rebar vertically on 48-inch centers protruding at least 20 inches from the top of the footing and 12 inches deep in the footing. Allow footings to cure totally before removing forms and proceeding.
3. Set forms for 48-inch height by 10 inch wide retaining wall. Retaining wall is to be built utilizing the same shaped footprint as the cinder block wall including sides. Round off top of retaining wall with concrete curbing tool.
4. Shoot all corners and ends of forms for walls with a transit to ensure wall is poured level at all points. Pour wall utilizing 2500 psi concrete. Approximate size of walls (1) at 46 feet long with six-foot side and (1) at approximately 30 feet long with 6-foot side concrete slab walkway will remain per design. Horizontal #4 rebar is to be in walls with two foot spacing.
5. Four (4) inch perforated pipe must be installed and routed to consistently permit drainage. Pea gravel or  $\frac{3}{4}$  gravel shall be installed on the inside of the wall twelve inches and not less than two foot tall, cover remaining inside with sand.
6. Permits as required by the Town of Luther required. All labor to be warranted for a period of (1) year.
7. All work to be completed in a professional workmanship like manner.
8. Clean up and dispose of all trash and debris related to work performed.
9. Seal inside and outside of concrete with water sealer.

**Contact Head Start Director prior to looking at building.**

**Bid Sheet**

The following bid is submitted for a material, labor, tools, transportation, permits, plans, equipment etc. to complete replacement of retaining wall per specifications at:

**Armstrong Head Start

August 23, 2022

Town of Luther  
P.O. Box  
Luther, OK

To whom it may concern:

We are pleased to confirm our understanding of the services we are to provide Town of Luther for the years ended June 30, 2022.

### **Audit Scope and Objectives**

We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, and the disclosures, which collectively comprise the basic financial statements of Town of Luther as of and for the years ended June 30, 2022.

The objectives of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

The objectives also include reporting on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of your accounting records of and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or

violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected customers, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

We may from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

#### **Audit Procedures—Internal Control**

We will obtain an understanding of the government and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

#### **Audit Procedures—Compliance**

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Town of Luther's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

#### **Other Services**

We will also assist in preparing the financial statements and related notes of Town of Luther in conformity with accounting principles generally accepted in the United States of America based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined.

We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

### **Responsibilities of Management for the Financial Statements**

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, and for evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; following laws and regulations; and ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles, for the preparation and fair presentation of the financial statements and all accompanying information in conformity with accounting principles generally accepted in the United States of America, and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by GAAS and *Government Auditing Standards*.

Your responsibilities include adjusting the financial statements to correct material misstatements and for confirming to us in the written representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, or contracts or grant agreements that we report.

You are responsible for the preparation of the supplementary information, which we have been engaged to report on, in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits or other studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

### **Engagement Administration, Fees, and Other**

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

We will provide copies of our reports to the Board of Trustees; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Town of Luther and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to Oklahoma State Auditor & Inspector or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for the purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend or decide to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the Oklahoma State Auditor & Inspector. If we are aware that a federal awarding agency or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Autumn L. Williams is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. We expect to begin our audit on approximately August 1, 2022 and to issue our reports no later than September 30, 2022.

Our fee for services will be \$11,600 for each year. If an audit performed in accordance with the Uniform Guidance is required and additional \$3,000 will be charged.

### **Reporting**

We will issue a written report upon completion of our audit of Town of Luther's financial statements. Our report will be addressed to Board of Trustees of Town of Luther. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports or we may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The report will also state that the report is not suitable for any other purpose. If during our audit we become aware that Town of Luther is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with

U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

We appreciate the opportunity to be of service to Town of Luther and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the attached copy and return it to us.

Sincerely,

*Russell & Williams CPAs, P.C.*

RESPONSE:
