## **\*WATER SHUT-OFF NOTICE\***

On **Wednesday, May 29, 2024**, the utility contractor for the Luther Public Works Authority will be making the last valve installation upgrades to the water system.

**The Water Will Be Off in Different Areas of the town for brief periods throughout the day.**

- Please gather some water in preparation.
- Please share this information with your friends, family and neighbors.

Weather and many other factors must be taken into account when installations are scheduled. There is no way to do this type of project and not impact someone on the system, but we have made every effort to make the project a low impact event for our residents, schools and businesses.

We sincerely appreciate your patience during this project. The project was made possible by a grant, saving the Luther Public Works Authority and Town of Luther over \$99,000.

Scherrie Pidcock  
Town-LPWA Manager
