## What is a Franchise Agreement with OG&E?

In this case, a franchise agreement is a contract between The Town of Luther and Oklahoma Gas & Electric (OG&E) that grants OG&E the right to use public rights-of-way, like streets and alleys, to operate and maintain its electric distribution system. In return for this access, the town receives a franchise fee, a percentage of OG&E's gross revenue from electricity sales within the city/town limits.

The agreement allows OG&E to provide electricity service to residents and businesses with the town by enabling them to place poles, wires and equipment on public property.

The Town of Luther has a 25 year franchise agreement with OG&E that will expire in 2026. The town currently receives 3% of the electricity sales within the town limits.

The proposed agreement between the Town of Luther and OG&E is for a 25 year term, at 3%, and requires voter approval. We anticipate the special election date to be on Tuesday, October 14, 2025.
